We report problems that happen when we give plan management services.

We report problems to the NDIS Commission.

- abuse or neglect of a person with disability.

We listen to the NDIS Commission about ways to do things better if a problem has happened.

How we manage ***risks***

Risks are things that can happen that might cause harm to someone or put them in danger.

Plan management

We support NDIS participants who have plan management ***funding*** in their plan.

Funding means money to spend on things in your plan.

We manage your funding and budget.

We can claim the payment for your supports through the NDIS portal.

We help you pay service providers who give you supports.

We will make sure invoices are paid for the right supports in your NDIS plan.

Your provider must send us a copy of your
provider service agreement.

A provider service agreement says what you
and the provider agree to do together.

We will talk to you about funding and provider
payments in your meetings with us.

You can choose to change your provider.

Let us know if you change your provider.

Plan payments

There are 3 steps to plan payments.

Step 1. Submit the invoice

You or your provider can email the invoice to us.

Email claims@nibthrive.com.au

You can submit an invoice online through the
***nib Thrive Portal*.**

The portal helps you see all of the details of
your plan management with us.

Step 2. Approve the invoice

You can give ***automatic approval*** to pay the invoice.

Automatic approval means you tell us to always pay your invoices.

You can stop automatic approval at any time.

You can give ***manual approval***.

Manual approval means you approve every invoice before we make a payment.

We will email you each time we get an invoice for a support you used.

You need to check the invoice and tell us if we can make the payment.

Step 3. Paying the invoice

We will pay an invoice when

- the invoice has all the right details
and meets your plan rules

- you have approved the payment.

If you have given automatic approval we
pay the invoice straight away.

If you have chosen manual approval you
must tell us the invoice is approved for payment
within 3 days.

If we do not hear from you within 3 days,
we pay the invoice.

You will get a report every month about

- invoices we have paid

- how much NDIS funding you have left.

You will have a Plan Manager and a team to support you.

You can talk to your Plan Manager at any time.

You will have a meeting with your Plan Manager every 6 months.

What happens if there is a problem?

We review claims from providers to make sure

- supports are given to the right participant

- they have charged the right amount

- information they give us is correct.

We must tell the NDIA if there is a problem.

How you can end your agreement

You can decide to end your agreement with us.

More information about how to stop your plan management is in your service agreement.
